Dear Sir,

Telephone Kiosk at Beersoft Cottage
Horton in Ribblesdale

In July 1960 the council made application for a telephone kiosk at Beersoft Cottage, Horton in Ribblesdale.

It was explained that there were very few kiosk were available. It is now felt that another application be made. There are 22 houses at Beersoft, all of which are occupied, and there is an increased number of families with children. The nearest kiosk is about a mile away.

At one time the works telephone was available by the permission of Little James R. The position is now quite different, and the G. O. J. Co do not give the same facilities. In an emergency a telephone is available other than about a mile away, and with the weather which is experienced in this part of the country it is a most serious position. I am sure this would prove a very sound amenity to the parish. I trust you will give this matter your careful consideration.

Yours faithfully

Dear Sir,

Telephone Hook at Beersoft Cottage
Horton in Ribblesdale

In June 1960 the council made application for a telephone hook at Beersoft Cottage, Horton in Ribblesdale.

It was explained that there were very few hooks available, and that very few hooks were available. It is now felt that another application be made. There are 24 houses at Beersoft, all of which are occupied, and these contain an increased number of families with children.

The nearest hook is about a mile away. At one time the works telephone was available by the permission of Little James P. The position is now quite different, and the G. E. I. Co do not give the same facilities. In an emergency a telephone is available other than about a mile away, and with the weather which is experienced in this part of the country it is a most serious position. Dear Sir,

Telephone Kiosk at Beecroft Cottages
Horton in Ribblesdale

In Jan 1960 the council made an application for a Telephone Kiosk at Beecroft Cottages Horton in Ribblesdale.

It was explained at that time that kiosk was in short demand, so nothing came of it. There are six houses at Beecroft, all of which are occupied, and the nearest telephone is about a mile away.

At one time the work telephone was made available by kind permission of Settle Remot. This is no longer the case, so we are obliged to go a mile away in cases of emergency. I have sent a formal application to the Postal Authorities, and I trust you will give your support.

Flooding at New Houses
Horton in Ribblesdale

I am desirous to again complain about flooding at New Houses. The last time this was complained about a promise was made that this would be remedied, but it would appear that nothing has been done about it. I should be glad if you will take this matter up again with a view to having this trouble overcome.

Site

As shown on the accompanying plans on section was of the burial ground was not consecrated. As the three other parts are now being filled up it is desirable that the remaining be now consecrated.

There has not been any business in the past which approval is now sought

Dear Sir.

BOR 791/1/1

In reply to your letter of 10/15/63
I give you below the particulars you ask for.
1/ The part of the Burial Ground now in use
and is consecrated consists of 316 Grave Spaces
of which 304 are occupied or reserved.
Leaving 12 spaces available for burials.
A further 90 spaces consecrated would be
available if consecration permission is granted.
It is suggested that spaces 1 to 16 be left
unconsecrated to comply with the regulations.

2/ The estimated number of grave spaces which
remains, would be requested annually is
7 to 9.

I trust that information is what you require.

I enclose a list of fees.

I trust you will take this matter as one of urgency

Consecration of part of the Bishop's Exchequer
at Horton in Ribblesdale

I am now in a position to deal with the points raised in your letter of the 10th March, also I have the plans which you request, and which I am sending under a separate cover.

- (1) The Horton in Ribblesdale Parish Council is the Principal Authority and is in Horton in Ribblesdale
- (2) There are no further consents required other than the one from the Home Office already obtained & in your hands. As regards County Planning Act, I have expressed into this & have been informed that no planning permission is necessary as this is only a portion of a plot of land for which permission was obtained many years ago.
- (3) The low coloured blue of the plan approved by the Home Office is being set upon & signed by suitable boundary stones and is ready for consecration

Dear Mr Bull.

It has been brought to the notice of the Parish Council that during the spraying operations carried out by the West Riding County Council through the village recently, one of the posts with the new disc recently fixed on the improvement at the Station Bottom, was

dislodged by one of their wagons. It appears the the post Reg no. XUA 632 was repositioned & then just pushed back. While this might appear to be all right, we feel that unless this was properly fixed it comes fall over and possibly injure a child. We think it is better to notify you now, rather than delay until something might happen. I trust you will look into this matter as early as possible. I am pleased to say I am improving nicely, and hope to be in to see you soon.

Dear Mr. Bull

Scavenging - Dust Bin Emptying

Complaints are being received about the
very empty way in which the Dust Bins are
being emptied. The practice in use is to empty
one Dust Bin into another before taking to the
Cart. This invariably causes a quantity of dust
where this has been done. It is understood that this
is being done throughout the parish and is quite
unnecessary. I myself saw this happen only last
week on our own farm, and when I reproached
them about it received a mouthful of abuse
and language. The Council are disturbed about this
practice as plenty of dust is always at hand at
Horton without more being added without cause.
I should be glad if you will look into this matter
and oblige. I am feeling a little better now &
I thank you for your enquiries

Dear Mr Taylor

It has been reported to us that there is some kind of road disturbance near the Co-op Shop. It would appear that this might have been caused through the recent In Spring operations and that it could be a sewage cover. It might get worse or it is probably nothing much. But we thought it best to let you know about it. And then you could deal with it.

I have not heard whether you have been to Seemayor to look at the road drain. I wrote you about some time ago as I had not had an acknowledgment. I wondered if it had been overlooked.

I trust to hear from you soon

The parishioners have recently acquired a playing field which is situated approx. 200 yards from the Station Bottom along the Selende Road. This field is now being extensively used by children, and as the field is by the main road it is felt that there is quite a lot of danger to children entering & leaving the field. I am enclosing ask if it would be possible to have double white lines or other sign-posted on this stretch of road to alleviate the danger to children using it. Lighting Account

I thank you for your letter of the 17th inst relating to the above. It is quite correct that the June Quarter 1963 was not paid. Although the agreement states that April 1st 1963 was the time for the Street lights to be made available, it was not until Sept that they were actually first used. In view of this it was reasonable to expect that this account would be cancelled and as we had not heard from you before we fully assumed that this had been done and that the matter was settled.

It seems as a surprise therefore to receive your letter. All the account from July 1/1963 until now have been met. We do feel that in the circumstances this account should be cancelled.

I should be glad if you will give the matter your careful consideration with a view to this being done. Assuring you that at all times we will do ever best to co-operate
