FORM OF TENDER

M

COUNTY COUNCIL OF THE WEST RIDING OF YORKSHIRE

EDUCATION

Committee

Gentlemen,

I/We hereby tender to execute the whole of the hereinafter mentioned works required in connection with Tiling Corridor and Cloakroom Floors

at Horton-in-Ribblesdale C.E. School

in accordance with the Drawings and Specification which I/we have seen and examined and to provide all proper plant and labour requisite or incidental to such works, and subject to and in accordance with the General Conditions of Contract hereto annexed and to complete the said works to the satisfaction of your Architect, for the sum of:—

Table with 3 columns: Description, £, s., d. (i) All work as described on the drawings and specifications ... 223 5 0 (ii) Contingent sum, as per Clause 39 of the specification ... 10 0 0

Total Amount of Tender £ 233 5 0

(TWO HUNDRED AND THIRTY THREE POUNDS) FIVE shillings and pence.

The contract unless the tenderer is required by the County Council to enter into a formal document under seal shall be constituted by this tender and its acceptance by the County Council which will be conditional upon the County Council receiving any necessary approval of a Government Department concerned and the sanction of the Ministry of Local Government and Planning to the borrowing by the County Council of any money requisite for carrying out the same.

On the acceptance of this tender if so required by the County Council I/we agree to execute on request a formal contract for the execution of the said works at the sum aforesaid which shall incorporate the provisions of this tender.

Where applicable only.

I/We further undertake in consideration of having been supplied with the particulars and permitted to tender for the works that this tender shall not be withdrawn or modified for and during three calendar months from the date of its delivery, but shall remain binding upon me/us during that period.

My/Our tender also includes for the payment of guaranteed time, holidays with pay, travelling, lodging and subsistence allowances.

I/We undertake to commence the works immediately the order is given and to complete within weeks from the date of commencement.

I/We propose to use the brands of paint manufactured by and on behalf of

You will no doubt have received a copy of Mr.Perraudin's report of the Managers' meeting on the 13th January, 1964, concerning a rehabilitation of the above school. Assuming that a three class school will be needed the existing site of 0.25 of an acre will need to be extended to 1.25 acres to comply with the building regulations of the Ministry of Education. Of this area 0.75 of an acre will be the building site and 0.50 the playing fields.

To facilitate negotiations for the acquisition of the additional land required it would be helpful if you could let me have information regarding the ownership and tenancy of the land immediately adjoining the existing school site with a sketch plan showing the site extension the Managers have in mind.

Dear Mr. Parker,

I have received the following minute from the Chief Education Officer.

"You will no doubt have received a copy of Mr. Perraudin's report of the Managers' meeting on the 13th January, 1964, concerning a rehabilitation of the above school. Assuming that a three class school will be needed the existing site of 0.25 of an acre will need to be extended to 1.25 acres to comply with the building regulations of the Ministry of Education. Of this area 0.75 of an acre will be the building site and 0.50 the playing fields.

To facilitate negotiations for the acquisition of the additional land required it would be helpful if you could let me have information regarding the ownership and tenancy of the land immediately adjoining the existing school site with a sketch plan showing the site extension the Managers have in mind."

It seems that the numbers on roll will be around the 40 mark and we will therefore require a three class school.

Would you be good enough to let me know the ownership and tenancy of the land referred to in the minute and let me have a sketch plan showing the proposed site extension.

Yours faithfully,

Divisional Education Officer.

Reverend J. Parker,
The Vicarage,
Horton-in-Ribblesdale,
Settle.

The Local Education Officer,
Education Office,
Water Street,
Skipton.

Dear Mr. Matthew,

Horton-in-Ribblesdale C.E. School
3358. Site.

Your letter dated the 12th February, 1964, to Mr. Parker has been referred to me.

An adjoining field of approximately 1.19 acres is available to the North Side of the School. As the acquisition of this will avoid making fences, I feel that although it is a fraction over the area required this should be negotiated for as it will save the authorities new fencing expenses.

I understand the owner, Mr. Robert Jackson is prepared to negotiate. He is the owner, and tenant.

I enclose four copies of the plan.

I anticipate that any extension now contemplated could be accommodated on this land.

Yours sincerely,

Mary D. Wales

Mary D. Wales.

The Chief
Education
Officer.

I refer to your minute dated 10th February, 1964.

? I have been in communication with the Managers' Private Architect Mrs. M.D. Wales and she has sent me a letter stating that the most suitable site is an adjoining field to the School, and the one that the Managers have in mind, is one of 1.9 acres shown on the attached plan of which I send you two copies. This area is in excess of the area actually required, but only by a very small amount and the acquisition of the field will save the necessity of expenses for fencing.

The Private Architect states that any extension now contemplated could be accommodated on this land. The owner is Mr. Robert Jackson who is prepared to negotiate with the Authority. He is also the tenant.

Dear Mr. Matthew,

Horton in Ribblesdale - G.O. (A) School. 3358, site

May I refer you to your letter regarding the above site, and dated Feb 12/64?

I should be very grateful if you could tell me whether or not negotiations have been commenced, and if so, the position now reached.

Yours sincerely,
John L. Parker

Dear Mr. Parker,

Thank you for your letter dated 6th July.

I informed the Chief Education Officer in March that Mr. Robert Jackson, who owned and tenanted the land at the back of the school, would be willing to negotiate with the Authority for its purchase. I have not heard from the Authority since that date but I have today written to them asking them how far the negotiations have proceeded. I shall let you know as soon as I have their reply.

Yours sincerely,

Divisional Education Officer.

Mr. D. Matthew.

With reference to your minute dated the 11th March, 1964, I attach hereto, a copy of a plan showing the County Architect's proposal to extend the school site, you will see that it is slightly different from that suggested by Mrs. Wales. He states in his report that the land immediately North of the school is wet and rises sharply in an easterly direction and that the North Eastern corner of the school playground is about 4 ft. below the level of the field and from this point, the field dips in a South Westerly direction until the level of O.S. field 400, coincides with the level of the school entrance and the road alongside.

I should be glad to receive the Divisional Executives suggestion to this proposal.

A.B. Clegg

The School House, Horton in Ribblesdale.

Dear Mr. Matthew,

The Headmaster of Horton in Ribblesdale C. E. (A) School recently informed the Foundation Governors that he was prepared to purchase the School House which he at present rents from them.

The Foundation Governors have not finally decided to sell the property but wished me to communicate with the Department of Education and Science which I have done and received their reply, a copy of which I enclose.

I shall be pleased to have the observations of the Local Education Authority as soon as convenient.

Yours sincerely,

Donup Stringer
