# Stock and Stores Book

in respect of

STATIONERY, KINDERGARTEN, NEEDLEWORK AND OTHER  
CONSUMABLE MATERIALS IN THE SCHOOL.

Name of School.....*Horton in Ribblesdale Selside C.E.*.....

Department.....*D. & I.*.....

February, 1936.

# INSTRUCTIONS FOR KEEPING AND MAKING UP THE STOCK AND STORES BOOK.

## BEGINNING THE NEW BOOK.

1. This book must contain a record of school materials, *viz.*, Stationery, Kindergarten, and Needlework, as shewn on the appropriate requisition schedules, together with any other consumable stock in connection therewith, as from the 1st April, 1936, the old stock book being made up to the 31st March, 1936.

Previous Stock Books should be carefully preserved for reference.

2. The quantity of each article in stock on the 31st March, 1936, should be entered in the column headed "Year ending 31st March, 1936, Stock in hand at end of year." The entries in this column will be the same as in that headed "In stock (carried forward)" in the old Stock Book.

All school materials as indicated in 1 above in school on the 31st March 1936, should be entered, whilst in the case of such consumable stock as Chalk, Exercise Books, Foolscap, Lead Pencils, etc., only unused materials actually in stock on this date should be recorded.

## ENTRIES OF STOCK RECEIVED DURING A FINANCIAL YEAR (1st April to 31st March)

3. The Quantity of each article received on or after the 1st April, 1936, should immediately on delivery be entered in the column headed "New Stock."

The date when the Copy Order was issued by the County Supplies Department should be placed at the head of the column in which entries of receipts of the different items are made.

Any items marked "to follow," or for other reasons not received with the main delivery, should on receipt be entered in the same column as other goods of the original order.

## ENTRIES AT THE END OF A FINANCIAL YEAR (31st March)

4. The quantity of each article in stock on the 31st March in each year must be ascertained on or immediately after that date and entered in the column headed "Stock in hand at end of year." The difference between the amounts entered in that column and the totals of the amounts entered in the similarly headed column for the previous year and the new stock supplied during the year will give the consumption for the year. This should agree with the independent records of consumption kept during the year.

5. Examples to illustrate the foregoing:—

Description of Article.	Year Ending 31st March, 1936  Stock in hand at end of year.	Year ending 31st March, 1937.			
		New Stock with date of copy order.		Consumed.	Stock in hand at end of year.
		Date 10/4/1936	Date 14/10/1936		
(a) Penholders ... ..	200	—	72	66	206
(b) Chalk, white ... ..	5½ boxes	4 boxes	—	7¼ boxes	2¼ boxes
(c) Exercise Books (85C)	4 doz.	7 doz.	3 doz.	8½ doz.	5½ doz.
(d) Lead Pencils ... ..	90	—	96	106	80
(e) Soap ... ..	6 lbs.	8 lbs.	7 lbs.	14 lbs.	7 lbs.

The "In Stock" column of (a) shows the number of this item in usable condition, and that of items (b), (c), (d) and (e) the new material in school on the 31st March.

6. In the Stock and Stores Book for (a) Inventory of non-consumable stock, (b) Books, (c) Science materials (Page 1 only), it should be noted that column (3) is the total of columns (1) and (2) and also the total of columns (4) and (5). In the event of columns (2) or (4) being completed for any particular item, the amount of the stock in hand should be entered in column (5) and the item should appear again in an appropriate place on the same or a subsequent page. A note in column (5), *e.g.* "see below" would indicate that the item has been transferred.

7. In the case of the school comprising Infants and Older Children (*i.e.*, when the Infants do not form a separate department under a separate Head Teacher), it is not necessary to make separate entries in respect of the same item for Mixed and Infants.

8. No stock should be given away or destroyed until it has been examined and certified by the Divisional Clerk as being "worn out."

9. This Stock Book together with the Head Teacher's Copy Orders must be kept in the container which is provided for the storage of the various Stock Books supplied to the school. February, 1936.
