Attach: Horton in Ribblesdale 1861 .xls
Subject: Horton in Ribblesdale 1861 census

Here is the FreeCen transcript of the Horton in Ribblesdale 1861 census as promised. I have in my computer copies of the actual census pages, but if I tried to send them all it would take you days to download. However, I can always send you individual families or pages if a specific interest comes up in the course of time.

Just in case you are not familiar with the FreeCen format;

RG9 3178 is the census main file number for the Settle area

ED is Enumeration district, within the area

Schd is schedule (a separate number is given for each house, a zero and a letter u when the house is unoccupied)

Little x's from time to time are to draw the attention of the checker to places where the info on the actual copy

sheet is unclear and I have only been able to put my best guess in previous column(s)

Rel is relationship to the head of the family unit

C is marital state (married, unmarried, widow, widower or a - for some young children)

CHP is county or country of birth, using official abbreviations

Dis is for any disabilities noted on the census form

Hope you will find this OK. Please confirm receipt in due course, so that I know you have received it OK.

Regards,
Bernard Watson,
Great Gidding,
Cambridgeshire.

Subject: Re: Horton in Ribblesdale Census

Hi Sheila,

Glad the census details were OK when they arrived at your end. As I said, let me know if you ever need to see the actual pages for a specific family or person - I keep them on my computer and can easily send copies to you.

I think I have found the elusive Ellen, wife of Henry Capstick. I have been trawling through every entry in the GRO 1848 April/May/June marriages and have come across an Ellen Taylor, married in the Settle district and with the same volume and page numbers as the Henry Capstick I have already located in the GRO as getting married in that quarter and district. She also comes up on FreeBMD but although I can enter the correct volume and page (XXIII/518), FreeBMD has no trace of this Henry Capstick.

I do not have access to an 1841 census so I can't trace Ellen's family back - does yours have any info on a Taylor family in Horton around that time with a daughter Ellen, born around 1823, who has disappeared from the family by 1851 if your records go that far? Or a local marriage between the two in A/M/J 1848? Or even something on the church where Horton marriages would have taken place in those days so I can try Northallerton. Would appreciate any help on this.

Regards,
Bernard Watson.
