Dear Miss Davies,

I received your post-card and thank you very much. I went for my scholarship examination last Saturday morning and I thought it very easy, it only lasted three quarters of an hour. There was no Arithmetic and English.

Old Mrs. Morphet is at a Leeds hospital because she is poorly. Neville, Philip and I are coming home at Easter on the quarter to seven train.

A week last Saturday I went to the cinema at Settle to see "Gracie Fields in Shipyard Sally".

We planted² some bulbs yesterday
Mrs B. Morphet has one hundred and
and twenty four yellow crocus flowers
in her front garden.

Has the snow cleared at Bradford
yet? It has here. I have finished
my Arithmetic book and I have
got a new one today. There is only
six at school to-day. We shall
have another two scholars after Easter,
Shirley Morphet and Margaret Fowler.
Ronny Davidson will be coming back too.
Then there will be twelve altogether.
Mrs Fowler wishes you were coming
back to teach some of them.
