IMPORTANT TO FARMERS & GRAZIERS.

JOHN BOLTON'S

CURE FOR LUNG DISTEMPER IN CATTLE.

STOCK HOLDERS are requested to keep the above valuable remedy in mind, in case of an attack of this destructive disease among their Cattle, as there can be no doubt, from the experience of practical Farmers, embodied in the numerous Testimonials which are daily received, that, if administered in time, this Medicine will effect a perfect cure. And as much valuable time is frequently lost, it is recommended to every Farmer to have a small supply in store, the trifling outlay for which would be amply repaid by saving the life of one animal, even of small value.

As an alternative and Condition Medicine it is strongly recommended.
