

The Postmaster,

Amstrick
.....

It is evident that in all cases where an accident is recorded in the Accident Book, a corresponding Accident on Duty Report (P367W) is not being completed.

It is essential for the forms to be completed so that each and every accident can be fully investigated with the intention of taking remedial measures wherever possible.

Please examine your Accident Book, and in every case during the last twelve months for which no P367W has been prepared, have one prepared fully and submitted.

for Head Postmaster,
LANCASTER & MORECAMBE.
