problem i think

A bay L shape "owl"

"stibbing" bar or bar built

2 shafts down

2 primary holes on long side to pull

flow & left over starts

much re-used timber in very white

to frame in.

Chase is stone as raised?

think of woods & timber

low built "stibbing bar"

low starts have re-used timber as seen of

North leaf & plan 19p.

W gain of mixed stone
