Selside Green

Dear Mr Ross

I understand you have been informed by Mr J. H. Morphet that he is the owner of a building adjacent to Selside Village Green, called The Shant. Although it does in no way effect the recent decision of the County Council regarding the registration of the Village Green I want to put on record that I am the owner of this building. I recently carried out extensive repairs to the roof and walls. For this I received grant monies and thus had to prove ownership to the Yorkshire Dales National Park. I would like this to be put on record in case of any dispute on the matter.

Yours sincerely

John Lambert
