7th June 1996

Dear Mr Gill

For some years Selside green has had two old trailers standing on it, much to the distress of the residents. The wheels are rusted to such an extent that they will not turn.

The residents are asking for them to be removed for two reasons:

1. The green, which is used constantly by the public, is in the middle of Selside and open to the road. The trailers are dangerous for users of the green, including children, residents and the many walkers and cyclists who use it for rest and eating their sandwiches.
2. They are very ugly and not appropriate for a Dales village.

The residents feel they have been very patient for too long and now ask you to help with this problem.

Yours sincerely, on behalf of Selside residents,

Colin Webster
