Your letter of 10 January 1997, ref. IPR/SER

Dear Mr Ross,

Selside Village Green

Selside residents want to arrange a meeting between them and officers from the National Park and the Highway Agency in order to plan with them various changes to the layout of the Green.

The National Park, especially, is keen to have a copy of the registration for their own records.

Could you please let me have a copy of that registration or, if the registration somehow has not yet put into effect, could you let us know what the reasons for the delay are. Many thanks.

Your sincerely,

W. Fenten
