

FIELD BARN

Look at the three pictures
Can you identify

- A gable forking hole to the hay men?
- An attached cart shed?
- A typical two-door plan field barn with shippon and foddergang doors?
- A mucking-out hole near a shippon door?

The hay meadows at Muker, Swaledale.

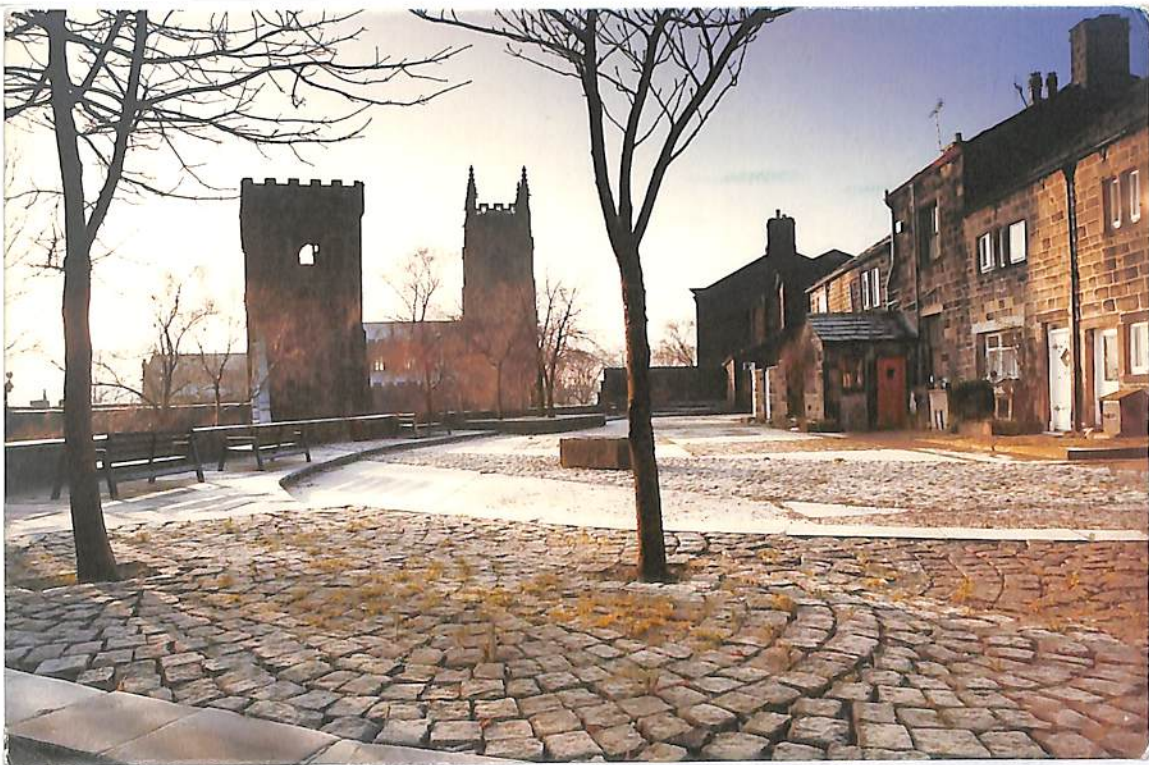

Some buildings are constructed with a timber frame.
Other buildings are constructed of stone with timber
used only for the roof.
